

## Post 16 Results Day August 2021

The Marsh Academy is celebrating another year of excellent results for A-level and Level 3 Vocational qualifications. Despite the many challenges our students have faced throughout the COVID-19 Pandemic, they have worked incredibly hard, demonstrated perseverance in abundance, and have grown in character, resilience, and maturity - we could not be prouder of them. Whilst we are proud of the achievements of everyone, there are many students who have achieved exceptional results.

Some students achieved a suite of A\* and A grades across their A-level courses including in Mathematics, Social Sciences, and the Arts, whilst others achieved a suite of Distinction\* and Distinction grades across their Level 3 Vocational Courses including in Law, Health and Social Care, Sport and Music.

Ashley achieved two A\* grades in Sociology and Media Studies and an A grade in History. Ashley is taking a gap year to obtain a pharmacy qualification she is interested in before going to university to study Midwifery. Ashley states she is “ecstatic with her results and has really enjoyed her time at The Marsh Academy.”

Owen achieved A grades in Mathematics, Drama, and Psychology and a B grade in Computer Science. Owen is going on to read Mathematics at the University of Kent. Owen states “I really enjoyed my time at the Marsh Academy and secured some fantastic results. I am looking forward to starting my degree in Mathematics.”

Sadie achieved A\* grades in History and Art and Design, and an A grade in Psychology. Sadie will be reading History at the University of York. Sadie said, “I am really pleased with my grades, I could not be happier and cannot wait to start University.” Erin achieved an A\* in Psychology to go with the three A grades she achieved last year in Art, Criminology and Sociology.

Frankie studied for a triple Level 3 Qualification in Sport and achieved three Distinction\* grades whilst also being a key member of the Football Academy. Frankie states, “I am chuffed and very proud, all the hard work paid off and I am looking forward to further studies.”

Millie studied for four A-levels achieving A grades in both Sociology and Art and Design and B grades in both Psychology and Chemistry. Millie (pictured centre) wishes to pursue Paediatric Nursing. Millie states, “I am really pleased with my results, all of my hard work has paid off and I am looking forward to my next steps in education.”

Principal, Shaun Simmons commented: “We are delighted that, again, 100% of our students who were offered university places were accepted, whilst others have secured apprenticeships or employment. I would like to congratulate all our students and wish them well as they take up their places at university, employment, or begin their gap year. To achieve such success, given the past 18 months is remarkable and a testament to the hard work of our students and staff.”
